

1/04/14

To Goanna Tracks Overland Expeditions Pty Ltd,

The 9.00 x 17 wheel (517.085.010) are made to on road tolerances as per the Tyre & Rim Association of Australia.

Rating of the wheel is tested from ROH to SAE J328 radial fatigue test to a load of 1700kg and underwent 1.8 million cycles.

Rim profile is in accordance with the Tyre & Rim Association of Australia.

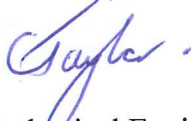

Tyre use shall be determined by the Tyre & Rim Association of Australia or another recognised standard.

The wheel will not be covered under warranty if damage is caused by;

1. Improper installation.
2. Inadequate maintenance.
3. Misuse.
4. Neglect.
5. Shipping (or other forms of transport).
6. Accident.
7. Normal wear & tear.
8. Use other than ordinary commercial or industrial applications.
9. Unauthorised alteration, processing or adaptation by the customer or a third party.

Titan Australia operates under ISO9001:2008

Regards,
Clinton Taylor
